At Ilisimatusarfik, we want to ensure that the teaching meets your expectations - and that it supports your learning in the best possible way.

In order to improve the quality of teaching, we ask you to participate in this evaluation. Your answers will help us gain insights into what works well and where improvements are needed. We encourage you to answer the questionnaire honestly and to the best of your ability. All responses are anonymous - and your answers will only be used to improve future teaching. This is done through ongoing processing of the results of individual programs. In addition, the data can be used for analysis and reports across the programs

In this video you can see why your response is important: Evaluating teaching - why bother?
